

# Management Development Programme

## Project Management

November 27 - December 01, 2017

MDI Campus, Gurugram

**MDI**  
GURGAON

Management  
Development  
Institute

## Background

Recent Developments in Business and Industry have shown that Project Management has emerged as the new competence in short supply across all Industry sectors / verticals. Project Management as a management discipline provides the foundation for most of the varied economic activity, in industries as diverse as pharmaceuticals, software and aerospace, projects drive business. And in the public sector, it is effective project management that translates politicians' promises of new roads, schools and hospitals into meaningful new constructions that improve everyday public life. The world (most parts of it ) today is witnessing tremendous acceleration in the pace of change in business and technology and this has had a direct impact on the occurrence and frequency of projects, including the projects targeted to develop and implement new ways of meeting the ever increasing demand for energy, improved communication, housing, recreation, transportation and food. Other projects could be to solve the problem of hunger, high population growth, illiteracy, disease and pollution. All these projects have one thing in common – proper planning, implementation / execution, monitoring and control so as to deliver the desired level of performance, on completion, within the stipulated cost and time.

## Objectives

This programme on project management has been designed with the following objectives:

- To introduce the concept of project management and project life cycle.
- To provide an understanding of a project through all its stages starting from the feasibility study stage to the final stages of execution and commissioning.
- To provide the familiarity for using the tools and techniques
- To provide exposure to computer software used in project management
- To provide the skills and know-how for combating time and cost overruns.

## Contents

The interactive sessions will cover the following themes;

- Project management and project life cycle
- Risk Analysis of projects
- Project Cost Estimation
- Project management information systems
- Use of project management softwares(s) like Primavera (ver. 6.0) and Microsoft Project
- Project monitoring: time and cost overrun evaluation
- Contracting for projects
- Project cost control
- Outsourcing/JVs in projects

## Pedagogy

The programme will be a balanced mix of lectures, experience sharing, real life case studies, extensive computer exercises (hands-on) and project work.

## Who Should Attend?

The Programme is designed for all practitioners (Executives, Consultants, Managers, etc.) involved in

- The management of projects in the construction, entertainment, energy, telecom, housing, recreation, transportation, etc. sectors
- The alleviation of hunger, high population growth, illiteracy, disease and pollution New product / process development
- Research and development

## Faculty

The faculty will comprise of MDI core faculty and professionals from industry with varied experience in project conceptualization, planning, implementation and control.

## Venue and Duration

( Systems and Information) and Ph.D. from B.I.T.S., Pilani.

## About MDI

The Management Development Institute (MDI) was established in 1973 with the active support of IFCI following an initial grant received from KFW West Germany. The Institute soon established itself as one of the earliest centers for continuing education in India.

As an endorsement of its front runner position in the field of Post Graduate Education in Management in India, MDI's PGPM (a two-year full time MBA equivalent program) has been awarded "A" Grade by the National Board of Accreditation of All India Council for Technical Education (AICTE). Various surveys have ranked MDI among the top B-schools of the Country. The MDI is the first Indian B-school with Global accreditation AMBA-Association of MBAs, UK. The education programs comprise of two-year full-time PGPM, PGP- HR, PGP-IM, 15-month Executive PGDBM, three-year Executive Management Program, Doctoral level FPM I EFPM, Post Graduate Program in Energy Management, and PG Diploma in Public Policy and Management. In addition to its academic programs, MDI has been a pioneer as well as a market leader in the area of continuing education in management. With over 43 years in this field, MDI conducts nearly 200 weeks of intensive short-term training programs each year, aimed at executives and managers from industry. Over 3000 managers participate in these programs each year. These include open programs, as well as customized organization specific training modules. The approach integrates latest knowledge with best practices through integrated business school activities enabling organizations in pursuit of excellence'.

MDI offers consulting services in the different functional areas of management. The driving force at MDI is a dedicated team of distinguished faculty who has extensive experience and expertise in diverse fields. Over the years, there has been distinctive shift in emphasis from helping design and implement policies, systems and processes in functional domains to cross-functional domains. The institute is recognized by the industry (public and private), Central and State governments, and NGOs and is known for providing quality services to its clients. MDI always strives to provide high quality, cost-effective and timely services to the clients. It has remained contemporary through its primary focus on research, adapting to change and developing innovative strategies to facilitate the process of change in the dynamic business environment. The institute's clients say that it has been able to add value to them by bringing in a strong cross-functional emphasis in their approach to carry out business.

As part of its strong research focus, MDI supports the following research initiatives:

- Centre for Supply Chain Management
- Centre for Excellence in Information Management
- Centre for Entrepreneurship
- Centre for Transformational Leadership
- Centre for Corporate Governance
- Centre for Responsible Business
- Centre for Positive Scholarship

MDI maintains high level of academic excellence in management. It has over 80 full-time faculties who have several years of

experience having worked at senior positions in the industry. The faculty is thus able to deliver a healthy mix of practical insights and academic rigor in the classroom. MDI also has strong links with leading international B-schools. This aids in delivering a globalized management curriculum. As part of the global initiatives, student and faculty exchanges go on regularly. Joint research projects are also undertaken. Above all, MDI has a well developed state-of-the-art infrastructure, which includes a library with a collection of over 60,000 volumes, and online access to international journals, a computer center with over 500 PCs, air conditioned lecture halls and syndicate rooms, besides a host of other recreational facilities.
