Management
Development
Institute

Background

Infrastructure, broadly defined in terms of basic and support facilities, is the lifeline of socio-economic development. Well performing infrastructure services create wide spread external economies and generates multiplier effects at micro and macro level. While its importance has long been understood but its performance has remained much below the desired level and has been subject to number of constraints. So there is need for reviewing the policy measures for financing of infrastructure projects, packages of incentives and concessions and suggest measures for better development of infrastructure projects.

Objectives

This programme aims at developing and maintaining efficient and effective infrastructure services required for sustainable socio-economic development at district, state and national level, involving both the public and private sectors. In this regard the programme seeks to:

- I. Study the various dimensions of financing of infrastructures projects and the role of financing and banking institutions.
- II. Examine the pricing and costing of infrastructures projects
- III. Overview techniques pertaining to management and financing of infrastructure projects.
- IV. Review major developments in the regulatory framework and their implications
- V. Identify measures for simplification of procedures and practices for facilitating private/MNCs participation.
- VI. Discuss the latest and new measures for financing of infrastructure projects.

He has been teaching and doing research and consultancy in the area of energy and economics for the last 30 years. Besides M A and M Phil in Economics, he is PhD in Economics.

During a brief span of six years when the School of Energy Management was launched in the year 2005 with the help of USAID and the Ministry of Power, Government of India, he has turned the school into a country wide popular place of higher learning. Appreciating his devotion and involvement, Government of India's Ministry of Power has issued a letter of appreciation putting on record his efficient and dedicated services. Many organizations have also acknowledged that the School of Energy Management headed by Dr. Atmanand, has been making noticeable progress in areas of quality education and efficiency.

Besides playing a key and decisive role in MDI's intellectual and administrative functioning, Dr. Atmanand has held various national responsibilities including his association as Member of the State Finance Commission, Government of Bihar and with the Planning Commission, Government of India. He is also working as an Independent Director in Steel Authority of India Ltd (SAIL), Government of India.

Dr. Atmanand is a deep researcher and writer. He has authored 16 books and published 90 research papers in refereed national and international journals. His book Managerial Economics has been recommended as a text book of managerial economics in the syllabus of many B-schools in many Indian and foreign universities. Dr. Atmanand is a widely traveled educationist and has been all over the globe in missions related to education and teaching. Dr. Atmanand's vast knowledge has been acknowledged internationally and a large number of national and international key agencies have been utilizing his services in different capacities. Dr. Atmanand is currently the Member of Adhoc Task Force, Performance Management Division, Cabinet Secretariat, Government of India and also the Advisory Committee, Government of India, Ministry of Power. He has undertaken a large number of consulting assignments in area of energy, insurance, infrastructure projects, social development, health sector, literacy and quality of human capital etc.

He is also honored as the Columnist in The Financial Express, the esteemed business news paper of India and contributes his articles in the areas of climate change, energy efficiency and sustainability, power sector issues, and many more. He is the recipient of coveted and prestigious RASHTRIYA GAURAV AWARD for his excellence and contribution in the nation building. He has the honor of receiving the INDIAN ACHIEVERS AWARD FOR CORPORATE LEADERSHIP 2010 and ECONOMIC DEVELOPMENT AWARD FOR EXCELLENCE IN HIGHER EDUCATION 2011. Earlier he was honored with the "EXEMPLARY GLOBAL LEADERSHIP AWARD 2010".

About MDI

The Management Development Institute (MDI) was established in 1973 with the active support of IFCI following an initial grant received from KFW, West Germany. The Institute soon established itself as one of the earliest centers for continuing education in India.

As an endorsement of its front runner position in the field of Post Graduate Education in Management in India, MDI's PGPM (a two-year full time MBA equivalent program) has been awarded "A" Grade by the National Board of Accreditation of All India Council for Technical Education (AICTE). Various surveys have ranked MDI among the top B-schools of the Country. The MDI is the first Indian B-school with Global accreditation AMBA-Association of MBAs, UK. The education programs comprise of two-year full-time PGPM, PGP-HR, PGP-IM, 15-month Executive PGDBM, three-year Executive Management Program, Doctoral level FPM I EFPM, Post Graduate Program in Energy Management, and PG Diploma in Public Policy and Management. In addition to its academic programs, MDI has been a pioneer as well as a market leader in the area of continuing education in management. With over 43 years in this field, MDI conducts nearly 200 weeks of intensive short-term training programs each year, aimed at executives and managers from industry. Over 3000 managers participate in these programs each year. These include open programs, as well as customized organization specific training modules. The approach integrates latest knowledge with best practices through integrated business school activities enabling organizations in pursuit of excellence'.

MDI offers consulting services in the different functional areas of management. The driving force at MDI is a dedicated team of distinguished faculty who has extensive experience and expertise in diverse fields. Over the years, there has been distinctive shift in emphasis from helping design and implement policies, systems and processes in functional domains to cross-functional domains. The institute is recognized by the industry (public and private). Central and State governments, and NGOs and is known for providing quality services to its clients. MDI always strives to provide high quality, cost-effective and timely services to the clients. It has remained contemporary through its primary focus on research, adapting to change and developing innovative strategies to facilitate the process of change in the dynamic business environment. The institute's clients say that it has been able to add value to them by bringing in a strong cross-functional emphasis in their approach to carry out business.

As part of its strong research focus, MDI supports the following research initiatives:

- Centre for Supply Chain Management
- Centre for Excellence in Information Management
- Centre for Entrepreneurship
- Centre for Transformational Leadership
- Centre for Corporate Governance
- Centre for Responsible Business
- Centre for Positive Scholarship

MDI maintains high level of academic excellence in management. It has over 80 full-time faculties who have several years of experience

having worked at senior positions in the industry. The faculty is thus able to deliver a healthy mix of practical insights and academic rigor in the classroom. MDI also has strong links with leading international B-schools. This aids in delivering a globalized management curriculum. As part of the global initiatives, student and faculty exchanges go on regularly. Joint research projects are also undertaken. Above all, MDI has a well developed state-of-the-art infrastructure, which includes a library with a collection of over 60,000 volumes, and online access to international journals, a computer center with over 500 PCs, air conditioned lecture halls and syndicate rooms, besides a host of other recreational facilities.
