DPR SUMMARY
This Detailed Project Report (DPR) is part of the application of the Management Development Institute Society (MDIS) for the grant deemed to be university status by the University Grants Commission (UGC) to its Management Development Institute, Gurgaon (Haryana), and its constituent institution at Murshidabad (West Bengal) under 'Distinct category.'

1. A Detailed Project Report (DPR) containing its fifteen year detailed Strategic Vision Plan and a five year rolling implementation plan viz. Academic Plan, Faculty Recruitment Plan, Students Admission Plan, Research Plan, Networking Plan, Infrastructure development Plan, Finance Plan, Administrative Plan, Governance Plan, etc, with clear annual milestones and action plans on how the new Institution Deemed to be University is to be set up, with identifiable outputs and outcomes :

The Management Development Institute was established in the year 1972 as a society under the Societies Registration Act, 1860 (Regn. No. 5395), with the active support of the Industrial Finance Corporation of India (IFCI) and Kreditanstalt fur Wiederaufbau (KfW), Germany, and the Ministry of Finance, Government of India, to provide training facilities for managers in industry and new entrepreneurs. The MDI Society is governed by its Board of Governors and General Body, which includes members from top financial institutions, banks, regulatory bodies, academia, industry, and alumni. Over the years, MDI has diversified its operations and has transformed itself into a leading integrated business school in the country.

MDI is located at Gurugram, spread over 35 acres on the National Highway 8, set among sylvan surroundings. To expand its reach, provide quality management education, and nurture local talents, MDIS launched its second institute at Murshidabad in 2014. The second institute of MDI at Murshidabad is spread over 10 acres and equipped with state-of-the-art infrastructure, including resource centers and sports facilities.

MDI emphasizes excellence in management education and a commitment to creating global leaders. MDI continues to uphold its reputation as premier business school with an emphasis on developing well-rounded socially responsible leaders prepared for modern business complexities.

MDI aims to be a globally recognized management school through academic excellence and continuous innovation to nurture responsible leaders for creating sustainable alternatives. All the academic programmes being offered at the Management Development Institute at Gurgaon and Murshidabad are approved by the All-India Council for Technical Education (AICTE) and conform to international standards of management education.

In 2024, MDI Gurgaon was ranked 11th by the National Institutional Ranking Framework (NIRF) in the 'Management Category' and has also been ranked among the top B-schools in India by reputed publications and ranking agencies. The MDI Gurgaon has earned international accreditation from AACSB, USA, and the Association of MBAs (AMBA), United Kingdom. The accreditations awarded by the two most influential academic accreditation bodies globally underscore the quality of programmes offered by MDI. MDI Gurgaon and Murshidabad are accredited by National Board of Accreditation (NBA), Govt. of India. MDI has also developed academic collaboration with several national and international institutions and industry for its academic and research programmes.

MDI is committed to the implementation of the National Education Policy, 2020 in letter and spirit by incorporating in its academic programmes a more holistic and multidisciplinary approach. MDI on getting the status of deemed university, will have multi-disciplinary research-based centers and schools in the emerging areas of knowledge, from digital economy, data mining, cybersecurity, fintech, liberal arts, and creative enterprise to cultural heritage, and will create a stimulating learning environment for the students and young minds.

The foundation of the MDI as a management institution is based on the industry needs realized by the government, with special reference to the management of financial institutions in India. A need has been felt for its expansion, transforming it into an institution of higher learning with diverse academic and research programmes. The proposed transformation of the Management Development Institute into a deemed university under the 'distinct' category after its existence of over 50 years is a natural aspiration to realise its cherished vision.

This DPR has dedicated sections comprising a 15-year detailed strategic vision plan; a 5-year rolling implementation plan; identifiable output and outcomes, including the existing academic and physical infrastructure with the MDI; details of the sponsoring body with its aims and objectives, along with the details of the key academic and administrative personnel; land ownership documents in the name of the Society; certificates issued by accreditation and ranking agencies; approval of the relevant statutory bodies; information regarding the existing academic and physical infrastructure; and details of the financial sustainability of MDI.

The DPR also contains information about distinctiveness of MDI for grant of deemed university status, proposed new schools, restructuring of the existing schools, research centers, and UG, PG, and research programmes. It provides a framework of governance as per the University Grants Commission (Institutions Deemed to be Universities) Regulations, 2023.
