

PGDM(Online)

PREPARE TO LEAD →

Rapid changes and increased complexity in the world of business throw up strong challenges. It also opens up great opportunities. This programme is one which will enable you to seize the moment. To lead in volatile and uncertain times. To get a global perspective, master latest technologies and importantly develop a learning attitude. See business from an enterprise-wide lens. Develop strong and sustainable competitive advantages, and in doing this, to build your personal brand. Good Luck on your journey to corporate leadership.

DIRECTOR'S MESSAGE

Welcome to the MDI Gurgaon's Post Graduate Diploma in Management (Online).

Over the past 50 years, MDI has carved out a unique trajectory for itself in the field of management education. Now, with the help of technology, we are ready to embrace the changing times and address emerging challenges. We understand that education needs to be accessible, equitable, and inclusive in the coming years. It will inevitably become global, digital, and experiential.

We are thrilled to embark on this new journey with you, as we recognize the paradigm shift brought about by technological advancements in the field of management education. The landscape of technology, geopolitics, and rapid innovation has necessitated the crafting of a digital future for students.

At MDI Gurgaon, we have taken up these challenges and introduced the Post Graduate Diploma in Management (Online). Ranked among the top 10 business schools in India our aim is to create the best peer learning environments for our students, where they can thrive and grow. Our seasoned faculty will guide you throughout your academic journey, enhancing your learning experience.

Moreover, we have created a robust technology setup to ensure that you have the best resources at your

disposal. We understand the importance of leveraging technology to facilitate effective learning in the digital age. With our world-class faculty and state-of-the-art infrastructure, you will have access to the best learning environment and resources.

Once again, we extend a warm welcome to all the learners joining our Post Graduate Diploma in Management (Online) Programme and look forward to a transformative and enriching academic journey together.

Best Wishes!

Prof. Arvind Sahay Ph.D.
Director, MDI Gurgaon

DEAN'S MESSAGE

engagement with stakeholders, with special emphasis on data-driven decision making.

This programme is for working individuals, with at least two years of work experience after their graduation degrees. The course will have both synchronous and self-paced asynchronous learning along with campus immersions. We will be using the best of technology and learning management systems (LMS) to deliver this cutting-edge curriculum. We plan to use Smart Books and self-study platforms provided by the publishers that can be integrated with the LMS to provide a single login and seamless experience for the participants. These platforms also allow for analytics and monitoring of the participants progress so as to allow more customized delivery, thus improving learning outcomes. Participants will have access to our e-library via a remote login through which they can access the entire repository of e-books and databases for study and research. Online learning removes geographical and physical boundaries. It makes the world become a classroom without boundaries. Learning will be self-paced. While this brings flexibility, it requires self-discipline on the part of the participants to get the most out of this programme.

We look forward to welcome you to the MDI Gurgaon community!

Prof. (Dr.) Ajay K. Jain
Dean (PGDM Online)

If you are an outstanding performer and want to advance your career rapidly, then a premium PGDM maybe the right option for you. What if we were to inform you that today it is possible to undertake a management programme in parallel to work? This is precisely what PGDM (Online) provides. The esteemed PGDM, from MDI Gurgaon, is now offered in an Online mode. Although the course is rigorous, you will be able to progress at your own speed. You will acquire new perspectives and knowledge, and will be able to apply the acquired knowledge to your current position. You will also be able to progress ahead in the hierarchy.

PGDM (Online) is a rigorous, two-year programme, approved by AICTE. The programme gives the flexibility to our participants to participate from any geographic location. You will get access to global resources. You will master the art of deeper digital

Rhythm Bhatnagar

Founder, Marketing Strategist (Organization -
Moonshot Advisory & Consulting)

Apart from helping us build a human-centric approach to management, the MDI OPGDM program has given us an opportunity to learn alongside executives across industries and experiences. We are fortunate to be developing a multi-dimensional approach to problem-solving alongside our peers. We believe that's what sets us apart from the rest. MDI's legacy of driving leadership building across sectors from infrastructure to finance and IT trickled down to our class discussions and course material. Highly recommend this to anyone looking to reinvent themselves as professionals.

Abhishek Batra

Manager
Consulting Firm

As a student of OPGDM Batch 2 at MDI and I find the course to be very good. The classes are very interactive, professors are supportive and easy to interact with, the study material is relevant to me as a working professional. It's been a good learning experience so far.

Mehar Tatavarthy

Senior Analyst
Benori KPO Pvt. Ltd.

One of the highlights of the program was the emphasis on peer learning and collaboration. The diverse cohort of participants brought together a wealth of experiences and perspectives, fostering rich discussions and stimulating intellectual growth. It was inspiring to connect with like-minded individuals who shared a passion for personal and professional development.

I am immensely grateful for the opportunities this program provided and the immense impact it has had on my career trajectory. The knowledge and insights gained during the immersion program have not only deepened my understanding of the business world but also equipped me with the tools and confidence to navigate its complexities.

It is a transformative experience that will undoubtedly leave a lasting impact on your personal and professional growth.

Racheet R Srivastava

Software Developer
(Automation QA), Adidas

As a student of MDI Gurgaon's Online PGDM program, Batch 2, I find the course to be seamless with a well-structured curriculum which blends theoretical knowledge with practical insights. The engaging faculty members bring a wealth of experience to the virtual classroom, fostering a dynamic learning environment. The program integrates cutting-edge industry trends, ensuring that students receive up-to-date knowledge and skills. The interactive sessions with industry experts, case studies within and beyond the syllabus, group discussions and hands-on simulators, all of these help in enhancing critical thinking and problem-solving abilities. The program's unique feature allows regular interaction with both faculty and batchmates, creating a sense of community despite the online mode. The flexibility offered is noteworthy, providing a perfect balance for professionals seeking to enhance their skills. This program has proven to be a rewarding journey so far, combining academic rigour with the convenience of online learning.

IMAGES FROM INAUGURATION AND CAMPUS IMMERSIONS

THE LEADERSHIP PARADIGM

Companies are looking for Leaders with a 'Learning Attitude'. Knowledge and skills are prerequisites, but a learning mindset is what will keep you ahead in an environment which changes rapidly. Learn to succeed in times of change and innovation.

What you know today is not enough to ensure success tomorrow!

Analytical thinking, problem solving, technical fundamentals and data-based decision-making are markers for success, add to these, your ability to consider divergent views. Through impactful case studies and challenging class discussions, you will be able to master these. Asking the right questions is sometimes more important than giving the right answers. Another critical skill you will be exposed to is managing teams, wherein you will have to take the team along your view, not by authority but by empathy and logic, a very useful skill in the workplace.

The rigorousness of the programme will ensure deep learning. The Core subjects will give you a clear understanding of the multiple areas of business and the Electives will focus on your areas of interest. The world of digital transformation will become your strongest ally.

You are ready to lead.

PROGRAMME DESCRIPTION

The two-year Post Graduate Diploma in Management (Online) is approved by the AICTE, Government of India. It is patterned along the similar lines as the PGDM programme of MDI Gurgaon. It gives an opportunity for high performers to earn a premium postgraduate management qualification from a leading business school.

They can earn this prestigious qualification from anywhere in the world without taking a break from their career. Learning will be rigorous and delivered through Online Synchronous Classes, Asynchronous, self-paced learning and Campus immersion.

PROGRAMME LEARNING GOALS (LGS)

Responsible citizen
consciousness

Global perspective

Critical and innovative thinking

Effective communication and
collaborative decision-making

Functional competency

TARGET CAPABILITIES

Global mindset and sensitivity

Holistic business perspective

Capability to create
wealth & manage diversity

Capability to manage
uncertainty and complexity

Capability to lead change

UNIQUE PROPOSITIONS OF PGDM (ONLINE)

Similar rigour and relevance as offered by MDI Gurgaon's Post Graduate Diploma in Management programme, but in a curated and customized package specially designed for online delivery.

Cutting edge curriculum, delivering an integrated, global perspective of management. The participants will also be exposed to the international faculty. Participants would also benefit from interactions with a global cohort. Indian and global case studies will be discussed.

Participants get the opportunity to reflect. To rethink their career trajectory and to take steps to equip them with the right skills and knowledge. An end-to-end enterprise wide view of business will be helpful as one would move into senior management.

Close interactions with faculty. Tutorial and doubt clearing sessions will be conducted in small groups. Participants would also have remote access to MDI Gurgaon Library. They may provide feedback, make suggestions, and raise concerns in regularly held open-house sessions with MDI programme managers.

Participants may continue to pursue their full-time careers and also continue their education, while residing anywhere in the world. Benefit from a variety of modes of interacting with peers and faculty. Work at your pace, within a time window, but with high commitment.

EXTENSIVE CURRICULUM

The following table presents the core courses which are compulsory for all participants. These courses cover the breadth of different domains in Management and ensure that participants have sufficient understanding of the various management functions in an organisation. LEARNING JOURNEY

PROGRAMME STRUCTURE

The first year of the programme will comprise eight modules of six weeks each. Core (compulsory) courses worth 44 credits would be covered in this year.

- Elective courses are offered in the second year of the programme over three modules of 12 weeks each.
- The final module is dedicated to dissertation.

SPECIALISATIONS

During the second year of the programme, participants may choose courses from a bouquet of various electives. Participants may specialize in the following functional areas: Accounting & Finance | Operations Management | Marketing | Organisational Behaviour & Human Resource Management | Information Management | Strategic Management | Business Analytics | Energy Management

- Participants must earn a minimum of 36 credits from elective courses.
- CGPA would be calculated using the electives comprising 36 credits completed with best performance.
- An elective course will be offered with a minimum subscription as per the program policy.

CAMPUS IMMERSION

- Three Campus immersions will be conducted- a 2-day induction bootcamp, a 5 -day deep dive, and a programme closing wrap-up
- Campus visits will include peer networking and workshops conducted by MDI Gurgaon faculty along with industry practitioners.

INTERNATIONAL IMMERSION

The international immersion is optional and will be organized at the end of the program based on the intention expressed by participants. The cost of this international immersion would be over and above of the program fees and will have to be borne by interested participants.

The 1 to 2 additional campus immersions and international immersion are optional and will be organized based on the interest shown by the participants. The minimum subscription for these immersions is 10 participants. The cost of these immersions is exclusive of the program fee and to be borne by the participant.

PROGRAMME DELIVERY

Participants may consume the asynchronous content in a self-paced manner.

- Participants will have the opportunity to attend 15 to 30 hours of synchronous sessions per course (depending on the credits), judiciously spread across the term of the course.
- Synchronous online sessions will be conducted on zoom & scheduled on evenings & weekends. Peer group discussions and tutorials will also be scheduled by the course faculty.
- Participants will have access to the recording of synchronous sessions.

Participants are expected to have a functional laptop with sufficient internet connectivity. Proficiency in English language is a must to understand the lectures.

EVALUATION

MDI Gurgaon follows a continuous evaluation system. A participant earns a letter grade in each course with an associated grade point. The credit weighted average of these grade points in the programme is the Cumulative Grade Point Average (CGPA). Evaluation will be based on a combination of assessments including quizzes, exams, written assignments, class presentations, viva voce, case study submissions, simulations, project work, etc.

MDI GURGAON AND THE WORLD

MDI Gurgaon collaborates with partner Bschoools in many parts of the world. Our partners are among the front rankers in their respective country with an extensive international agenda for its activities. The international partnerships span a range of interests such as joint research, executive education, and development of academic material, collaborative work on projects of international scope, faculty exchange and student exchange.

SOME OF OUR PARTNER INSTITUTES

- The University of Johannesburg, South Africa
- Nagoya University of Commerce & Business, Nagoya, Japan
- Universiti Sains Malaysia, Pinang, Malaysia
- The National Institute of Development Administration (NIDA), Bang Kapi Bangkok, Thailand
- Vienna University of Economic & Business Administration, Austria
- Copenhagen Business School, Denmark
- Aston Business School, Aston University, Birmingham, UK
- ESCP Europe, Paris, France
- RSM Erasmus University, Rotterdam, Netherlands
- Fundação Instituto de Administração (FIA), Brazil
- Richard Ivey School of Business, Ontario, Canada
- Robert H. Smith School of Business, University of Maryland, USA
- Queensland University of Technology (QUT), Brisbane, Australia
- University of South Australia (UniSA), Adelaide, South Australia.

These international collaborations will be leveraged to invite international faculty to offer courses and sessions to the participants of the PGDM (Online) programme.

CAREER GUIDANCE

Success in careers is closely related to fit. The fit between your Interest, Knowledge and Skills and the requirements, vision, and culture of the company that you would like to work for. The key is to find this match.

The starting point is you. Your motivations. Your interests, skills and strengths. An understanding of the roles that excite you. A candid assessment is important to help you plan the next steps. While you obviously know yourself best, it sometimes helps to get unbiased external advice from experts. They may be able to introduce some new ideas.

Next is to understand the roles which match with your aspiration. There could be some gaps, in where you are today and the requirements for the role you aspire. That

leads to step three. Based on discussions, an action plan would be drawn up. You would integrate the learning through the programme with your desired career move. Many a time, such changes happen within the company that you are working in. The senior management will notice your capability, fit and interest for such higher roles. You will be able to convince them for a career change.

During your course, you will be interacting with industry experts and domain specialists, to get to know the characteristics of careers in-depth. There will also be sessions on acing interviews and presenting yourself. Faculty, Experts and Alumni of MDI Gurgaon will support you across all these.

ALUMNI CONNECT

The Institute's alumni network is a diverse, global community of effective and responsible leaders making an impact across a wide range of industries.

The MDI Gurgaon alumni network has members from all the postgraduate programmes of MDI Gurgaon. With more than 700 members joining the group every year, the alumni network today is over 9,000 strong spread across more than 45 countries.

To strengthen the existing threads and weave many a new, the Alumni Relations Committee, more popularly known as Alcom, has solely devoted itself to this cause.

Alcom organizes regular Annual Alumni Meets at MDI Gurgaon and also regional meets in different cities across India. Alumni events provide an opportunity to catch up with old buddies, narrate stories and learn about exciting opportunities. Alumni go down memory lane and enjoy sports, cultural and other thoughtful activities organized by participants and strengthen bonding in the fun-loving community.

Your Class – Brilliant & Diverse

This programme is for high performing professionals. They have some work experience. They would like to fast-track their career. Understand all the different aspects of business. Develop cross functional skills. Step into leadership positions, quickly, and get ready for the corner office. The class would be diverse. You can expect Sales Managers, Technology and IT managers, Manufacturing Leads, Finance specialists, Operations Experts, Doctors, Architects, Entrepreneurs, and others in your class. The case discussions will be vibrant. Diverse perspectives will be passionately argued and in the process, learning will get deeply assimilated. Cutting edge curriculum, global outlook, understanding the digital mindset and data-driven decision-making will add to the way you approach a problem and amidst all the learning, rigour and late nights, you will form lifelong friendships.
