

TLC@MDI GURGAON IN ASSOCIATION WITH EMERALD EMERGING MARKETS CASE STUDIES ANNOUNCES

5TH CASE DEVELOPMENT, MENTORING & PUBLICATION
WORKSHOP

August 21-23, 2024 (Online)

BACKGROUND

Case method is one of the most effective management education pedagogy. It involves the faculty leading learners through a historical analysis of a business situation. The learners come up with a solution to some of the toughest business problems. Cases are commonly used as the medium for interactive classroom discussions and active class participation helps them develop the skills required for making decisions. The effectiveness of a case lies in providing learning experiences that are remembered by students beyond classroom. The issues & concepts in a case may be absorbed in much greater depth than lecture based learning method. Emerging Markets present immense opportunities along with challenges & constraints. Well established business models are replaced by new ones often. There is a need to understand the issues specific to each emerging market, India being one, and develop classroom learning material related to various business concepts and management disciplines.

Emerald Publishing Limited, a leading international publisher has a special collection of cases called the Emerging Markets Case Studies, EEMCS. The unique feature of this collection unlike other case collections is the Emerging Markets Context. EEMCS welcomes well-researched, instructive & multi-media online cases about the most interesting companies in complex Emerging Market contexts, to be used by faculty to develop effective managers globally.

MDI Gurgaon, being a leading business school from India takes the responsibility of developing unique case content and developing management faculty across B Schools for the same. After four successful editions the fifth edition of the **CASE DEVELOPMENT, MENTORING AND PUBLICATION WORKSHOP** would be held by MDI Gurgaon in association with EEMCS with live sessions from **August 21 - 23, 2024 (online)**. This program exceeded my expectations, and made me to fall in love with writing cases! I would enthusiastically recommend this program and urge the organisers to conduct such workshops in future also! And suggest them to train the trainers, so that the participant faculties can build a web of network wherein they could conduct such workshops at their respective institutions as well. I am grateful to MDI, Gurgaon and Emerald for giving me this opportunity to attend this program and providing me an opportunity in building network with the faculties across the globe."
